

# In the Pacific three women die every day in pregnancy and childbirth -How can you help?

Come to the '**PEMNeT**' **Facilitator's Workshop** with your colleagues, and train to run this maternal and neonatal emergencies training course in your own Health Facility.

The PEMNeT Pacific Emergency Maternal & Neonatal Training Course is;

- **Pacific based.** The course was developed by the Pacific Society of Reproductive Health
- **Multi professional.** Midwives, doctors and obstetric nurses all train together.
- **Teamwork focused.** Learn how to bring all your knowledge and skills together and work as a more effective team in manage emergencies.
- **Hands on.** Lots of practice, interactive activities and fun learning environment

Over 50 facilitators trained so far!

## 2018 PEMNeT WORKSHOP COMING SOON
