

PACIFIC SOCIETY FOR REPRODUCTIVE HEALTH 2026 CONFERENCE PROSPECTUS

**Building and sustaining the
Pacific SRH workforce through
strengthened regional
collaboration**

Fakakaukau ki he kaha'u

NUKU'ALOFA, TONGA 14 - 18, SEPTEMBER 2026

The 16th Biennial PSRH Conference is the premier regional platform for engaging with the Pacific sexual and reproductive health workforce. Hosted in Nuku'alofa, Tonga, the 2026 conference brings together senior clinicians, health system leaders, policymakers and development partners for three days of high-impact learning, collaboration and networking, following two days of targeted pre-conference clinical workshops.

For partners, sponsors and supporters, involvement offers more than visibility. It provides meaningful engagement for your teams through direct interaction with Pacific health leaders, opportunities for shared learning, and association with practical, region-led solutions that strengthen sustainable health systems across the Pacific.

Guided by Pacific values of stewardship and care, PSRH is committed to climate-responsible and environmentally considered conference practices.

Who you will engage

Delegates represent both clinical decision-makers and system-level influencers

- Senior obstetric, gynaecology, midwifery and nursing clinicians
- Health system leaders, programme managers and policymakers
- Regional and international agencies (including UN and development partners)
- Researchers, educators and training institutions
- Pacific and international health organisations and industry partners

Why Sponsor or Exhibit

- Direct access to Pacific clinical leaders and decision-makers
- High visibility across plenary sessions, workshops and networking events
- Opportunity to showcase products, services or innovations aligned to SRH priorities
- Association with a trusted, regionally respected professional body
- Contribution to strengthening sustainable Pacific health systems
- Opportunities that also support learning and professional development for sponsor and partner teams through direct exposure to Pacific health priorities and practice

Targeted Specialty Engagement Opportunities

- Emergency Maternal & Neonatal Training and Reducing Neonatal Hypoxia (PEMNeT & FSEP)
- Gynaecological Oncology
- Family Planning
- Urogynaecology & Ultrasound

Expected reach and profile

Approximately 300 delegates anticipated in 2026 Based on 2024 attendance:

- 35% doctors
- 45% nurses and midwives
- 20% health managers and policy leaders

Sponsorship & Partnership Opportunities

Conference Information

- Pre-conference workshops: Monday 14 – Tuesday 15 September 2026
(Held at local hospitals, clinics and professional networking spaces)
- Main conference: Wednesday 16 – Friday 18 September 2026
- Venue: Fa'onelua Convention Centre, Nuku'alofa, Tonga

Accommodation and travel to be arranged directly by delegates

Please note: no flights operate to or from Tonga on Sundays. In addition, many local services are closed on Sundays

With hundreds of delegates actively looking to shop and take home special souvenirs, securing a market stall is the easiest way to access this captive, enthusiastic audience right where they are. Contact PSRH for more information

Our Commitment

Guided by Pacific values of stewardship, respect and care for our islands, PSRH is committed to climate-responsible and environmentally considered conference practices across all aspects of planning and delivery.
